Currency	Euro (EUR)
Official language	Latvian
Most used foreign languages	Russian, English, German
Border countries	Estonia, Lithuania, Russia, Belarus
Coastline	498 km (Baltic Sea and Gulf of Riga)
Surface Area	total: 64, 589 sq km land: 63,589 sq km water: 1,000 sq km
International dialing code	+371
Internet domain	.lv
Population	1,906,743 (2019)

Latvia is one of the top study-abroad destinations due to low tuition fees and a wide range of universities with expert faculties.

The climate in Latvia is transitional from coastal to continental. It means that there are four seasons, and our students may enjoy each of them.

Due to the vast influence of the Baltic Sea, winter is usually mild here. It is not too cold, but it is still humid enough. Snowfalls can be observed from the middle of December to the beginning of March. Still, snowfalls aren't that heavy and don't last long.

WEATHER TO EXPECT

DECEMBER Max average t°: -2 °C (28 °F) Min average t°: -7 °C (19 °F)	APRIL Max average t°: +10 °C (50 °F) Min average t°: +1 °C (34 °F)	SEPTEMBER Max average t°: +17 °C (63 °F) Min average t°: +8 °C (46 °F)
JANUARY Max average t°: -4 °C (25 °F) Min average t°: -10 °C (14 °F)	JUNE Max average t°: +21 °C (70 °F) Min average t°: +9 °C (48 °F)	OCTOBER Max average t°: +11 °C (52 °F) Min average t°: +4 °C (39 °F)
FEBRUARY Max average t°: -3 °C (27 °F) Min average t°: -10 °C (14 °F)	JULY Max average t°: +22 °C (72 °F) Min average t°: +11 °C (52 °F)	
MARCH Max average t°: +2 °C (36 °F) Min average t°: -7 °C (19 °F)	AUGUST Max average t°: +11 °C (52 °F) Min average t°: +11 °C (52 °F)	

Latvians are also big fans of theatre and contemporary music. We have museums that cover all sorts of topics and areas. Cinema theatres screen films in the original language with subtitles.

Swimming, track and field, basketball, volleyball and fitness are activities you can quickly get engaged in. Bowling and golf are the sports that rapidly gain their popularity with facilities opening all around the country. Ice hockey, football and basketball are the most popular spectator sports. By popular demand, bars and cafes set up large screen TVs during championships.

CULTURE, SPORT AND LEISURE

Latvia has a vibrant cultural life. With over 800 Art Nouveau buildings, Riga has one of the world's most incredible galleries of this lively style.

Classical and modern music and dance performances are of high quality.

NATIONAL CUISINE

Latvians enjoy eating, and food is the central element of almost any celebration. Traditional food is filling and nourishing. Meat, fish, potatoes and dairy products are the most popular components of everyday dining. Salads are more often composed of vegetables and greens, and sour cream or mayonnaise are the preferred dressings.

Contemporary Latvians are still very fond of their traditional dark rye. Many people enjoy growing their own fruits and vegetables or harvesting wild berries and mushrooms from the forests.

TRANSPORT AND TRAVELLING AROUND

Several different airline companies serve Riga airport, including budget airlines. It is usually not a big issue to book a reasonably priced ticket.

Another way of arriving in Latvia is by ferry. Riga has a ferry connection to Stockholm in Sweden. Ventspils city port is connected with Nynäshamn in Sweden and Travemünde in Germany. The city of Liepāja also offers a ferry route to Travemünde in Germany.

International train routes are currently limited to connections with Moscow and St. Petersburg in Russia and Minsk in Belarus.

Extensive bus connections very well serve Riga. Bus routes connect Latvia with Austria, Belgium, Belorussia, Bulgaria, the Czech Republic, Estonia, Germany, France, Hungary, Ireland, Italy, Lithuania, Moldova, the Netherlands, Norway, Poland, Slovakia, Sweden, Russia, Switzerland, the UK and Ukraine.

LANGUAGE

Latvian is the official state language in Latvia. Latvian belongs to the Baltic branch of the Indo-European language family. Although the official state language is Latvian, you will easily get around with Russian and English command. A large part of the population of Riga is Russian-speaking, and most locals do understand English.

As for study instruction language, in the state universities, the language of instruction is Latvian. However, programmes for international students are designed and taught in English.

TERM DATES AND PUBLIC HOLIDAYS

The academic year in most universities starts in September. It comprises 40 weeks and is divided into two semesters.

Autumn semester

- Lectures: September to December
- Exams: December / January
- Holidays: Christmas time

Spring semester

- Lectures: February to the end of May
- Exams: May / June
- Holidays: July to August

PUBLIC HOLIDAYS

Most shops and all banks will be closed on the following dates:

- January 1 (New Year's Day)
- Good Friday and Easter Day
- May 1 (Labour Day) and May 4 (Constituent Assembly Convocation Day)
- Second Sunday in May (Mothers' Day)
- June 23 (Midsummer Eve) and June 24 (St John's Day)
- November 18 (National Day)
- December 25 and 26 (Christmas Eve and Day)
- December 31 (New Year's Eve)

TSI TRANSPORT AND
TELECOMMUNICATION
INSTITUTE

Transport and Telecommunication Institute (TSI) – is a modern university of applied sciences with a centennial history. TSI is a successor of the legendary RKIIGA (Riga Civil Aviation Institute) and RAU (Riga Aviation University).

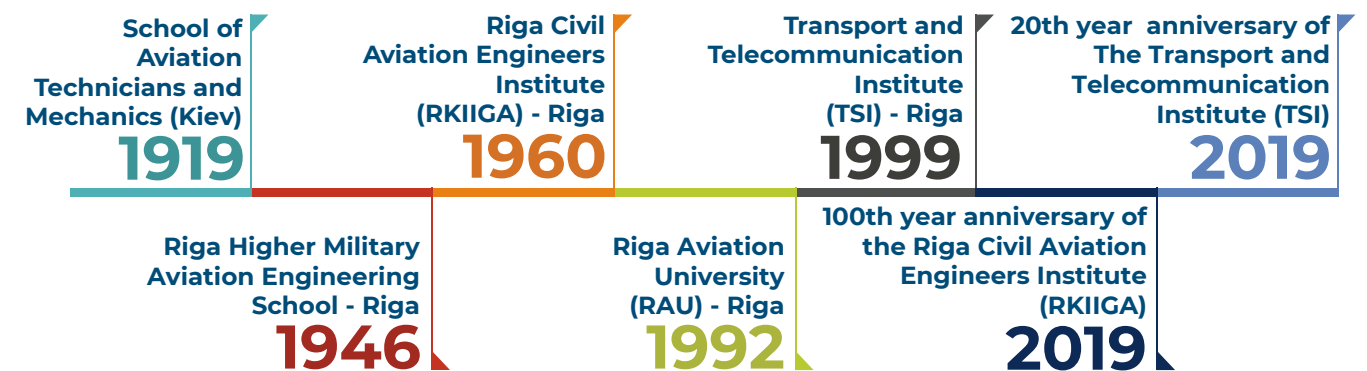

We are proud of its international environment. Currently, there are students from 32 countries of the world studying at TSI, including Kazakhstan, Uzbekistan, Ukraine, Azerbaijan, Estonia, Lithuania, UK, Spain, Turkey, Russia, Belarus, Moldova, India, Egypt, Peru and other countries.

HISTORY

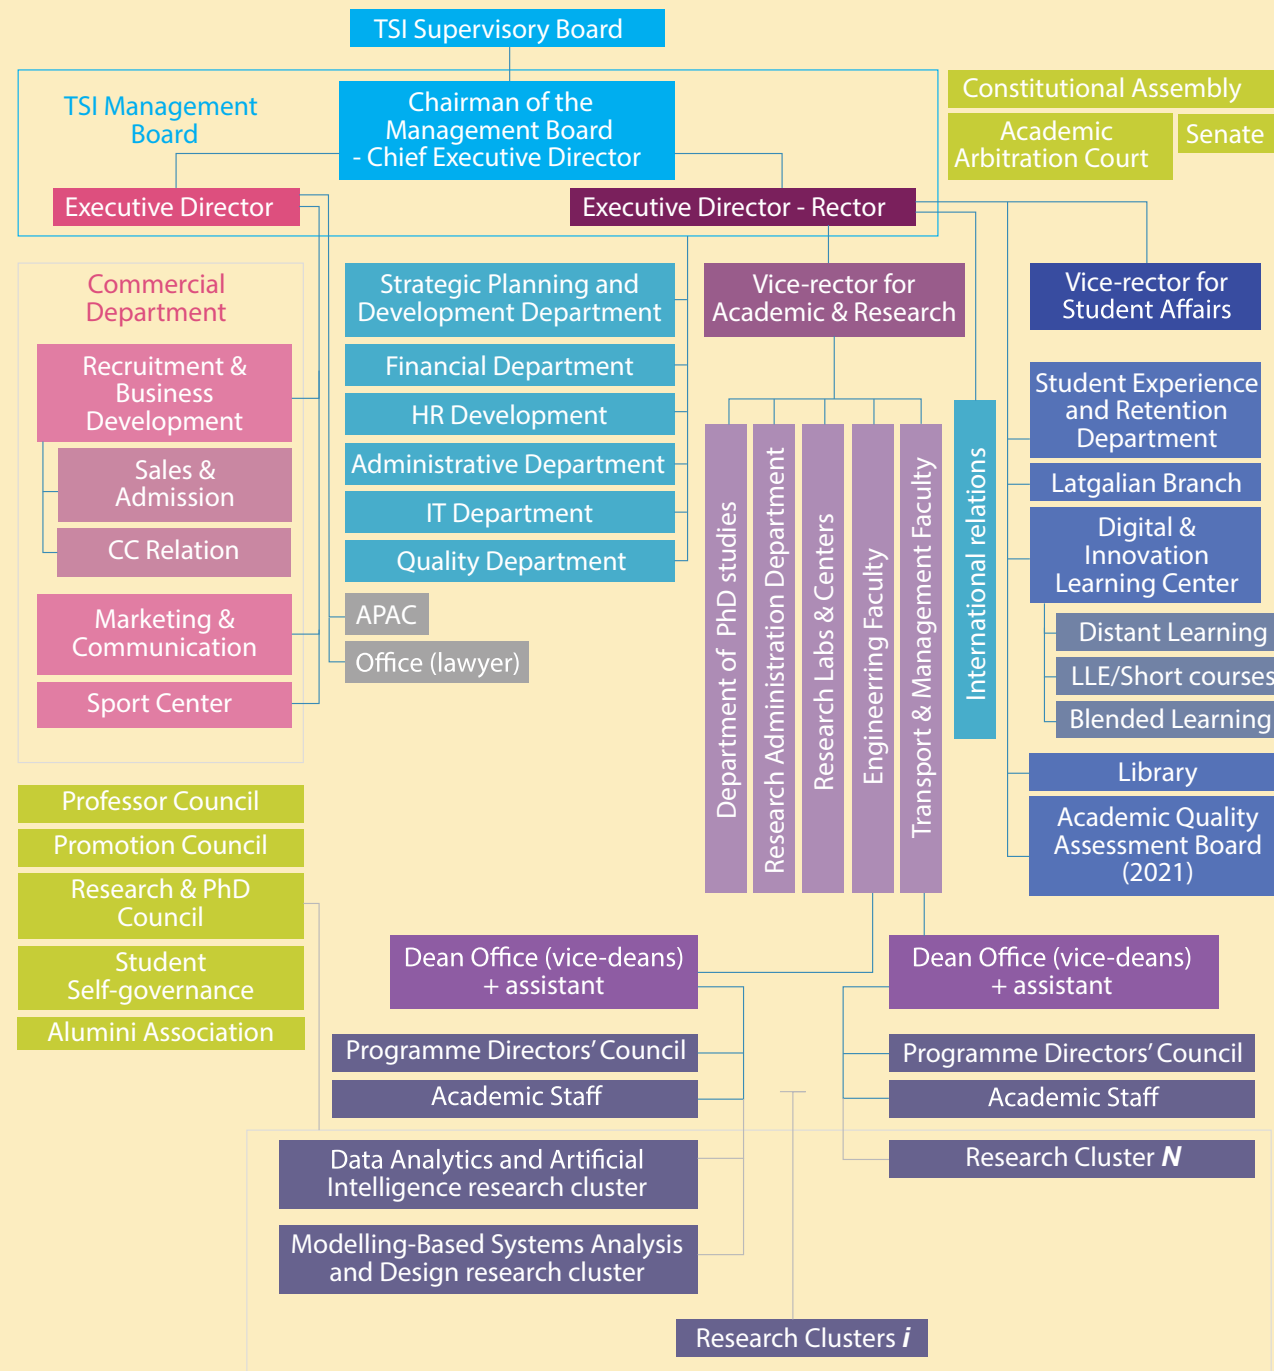

TSI was established in 1999. Nowadays, TSI – is the only private technical higher education institution in Latvia. All study programs are provided in two languages - Latvian and English. The Institute has received permanent accreditation in Latvia as a higher education institution.

TSI provides academic study programs in the following directions: transport and logistics, aviation, computer sciences and networks, electronics and robotics, management and business.

Our academia engages in diversified research and scientific work. According to expert evaluation results, Transport and Telecommunication Institute is the only among private higher educational institutions included in leading scientific institutions acting in Latvia.

STRUCTURE

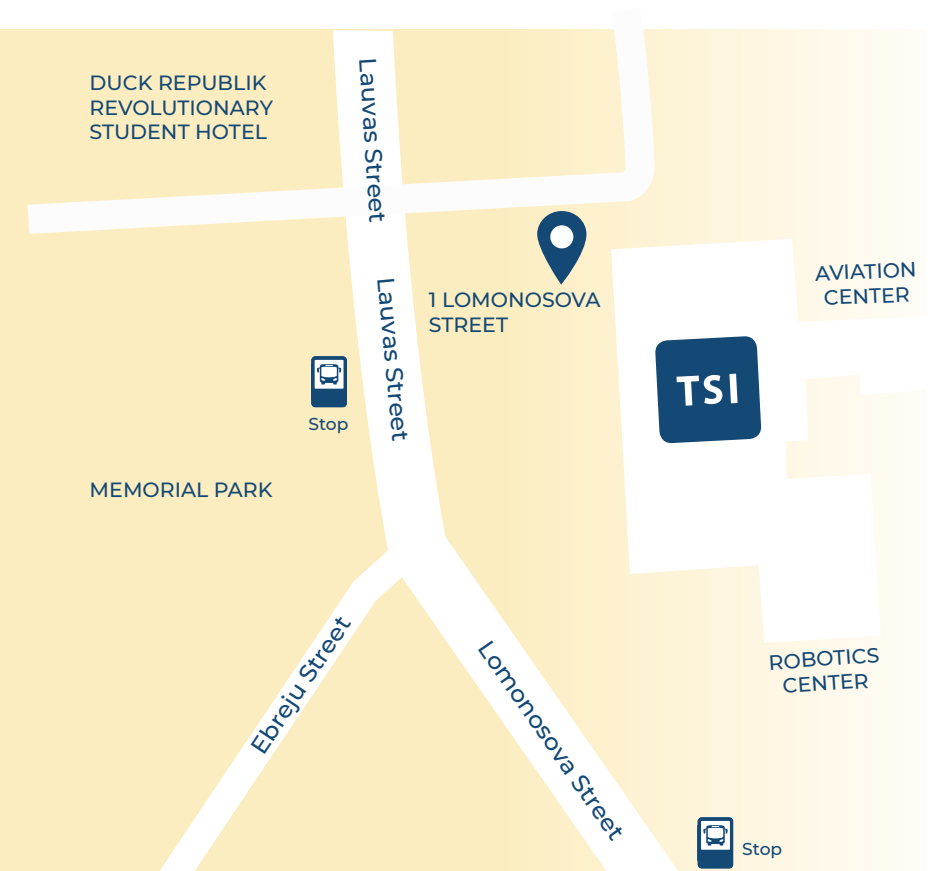

HOW TO GET HERE

TSI is located in Riga, 1 Lomonosova Street

It's easily accessible by public transport

- by Trolleybus **#15**
- by Bus **#18**
- by Minibus **#204**
- by Express bus **#316**

SUPPORT AND CONTACTS

Before arrival

ADMISSION TEAM

CIS and Central Asia: +371 27 002 554
 Other countries: +371 22 312 253
 E-mail: admission@tsi.lv
 Skype: infotsi

After arrival

STUDY DEPARTMENT

E-mail: student@tsi.lv
 Phone: +371 67 100 523
 Help desk: +371 67 100 555

LIBRARY

TSI Library offers users access to over 3,000 eBook collections. Thematic coverage of the collection: STEM disciplines (computer science, electronics, telecommunications, information systems, mathematics, engineering), including aviation. In other scientific disciplines, including economics, management, transport and logistics, interdisciplinary books can also be found.

Each collection consists of hundreds of books and scientific publications, which will be especially useful for magistracy and doctorate students.

SPORT CENTRE

TSI is proud of its recently refurbished sports centre with several separate halls allowing students to engage in various sports activities starting from football and volleyball to climbing. Gym facilities with spacious and comfy changing rooms and showers are on-site, bringing a healthy, active life even closer.

Monthly membership fees start with as low as € 20.00.

STUDENT COUNCIL

So different yet so united. TSI student council consists of 20 fulltime members and uncountable supporters. The team is diversified in terms of ethnicity, age, background, and everyone is welcome here when in need of advice or just a pat on the back. Council organises multiple student events monthly. Whether it is Valentine day or Eid-al-Fitr, or just a great sunny day, they find the best celebration solution.

It is not only about festivals, though. Significant support with your academic, financial matters vor day-to-day issues can also be found here.

Active members of the Council are eligible for a 10 % tuition fee discount.

RESEARCH AND LABS

TSI engage in different international and local research projects. We have developed an outstanding research infrastructure to provide students, academic and scientific personnel, and visiting researchers with opportunities to conduct research using up-to-date technical equipment and laboratories on-site.

There are 19 laboratories at TSI available for those seeking to develop their practical and research skills

The Academic and Professional Aviation Centre (APAC)

provides training to aviation professionals worldwide. Under Part 147, APAC is a certified organisation of the European Aviation Safety Agency.

The Telecommunications, Electronics and Robotics Centre (TERC)

consists of 11 labs equipped with advanced software and technical equipment that is actively used in academic and research work. Each lab is a modern technical, software and methodological complex allowing conducting classes with students at the highest level.

The Computer Networking Lab “CISCO Networking Academy”

was created with the support of the academic programme implemented by CISCO Inc., the world's leading computer network and cybersecurity company. The lab is equipped with the technical equipment and advanced software required to provide students with the opportunity to gain practical experience in the field of computer networks.

The Lab of Applied Software Systems (LAS)

provides the opportunity for students, doctoral students and TSI academic and research staff to use the unique software for the preparation and development of final papers, research and contract research. The software offered is mainly oriented to the modelling of transport flows, modelling of production processes, logistics and business process modelling.

Software and information system development laboratory (DevLab)

is a challenge-based laboratory of Computer Science and Telecommunication Faculty, targeted at organising creative teams of developers who can deliver innovative software solutions to the industry based on cutting-edge technologies. Laboratory unites researchers, students to create innovative solutions, develops new industry-demanded skills in the area, empowers start-up thinking and makes any student's ideas possible

CAREER

Cooperation with employers is invaluable because they give students first insights into their professional lives. TSI students have the opportunity to meet employers in person, find out about internships and career opportunities.

TSI offers continuous growth for students. The Institute maintains long-term relationships with more than 100 partners, ensuring an environment in which students have the opportunity to develop themselves and meet with industry representatives.

LOYALTY AND GRANTS

Annually, TSI supports excellent and determined students by offering 50%, 75% or even 100% discount on tuition fee. It is a matter of actual Student's performance, and this support is only available for those who already have completed at least one semester of their studies at TSI.

State issued scholarships are available in some cases, for more info about eligibility and application procedure, reach out to viaa.lv

ADMISSION PROCESS

3 - 6
month

- Submit application in the system and upload documents

- Passport (all pages)
- Education documents with marksheets
- B2 level English knowledge Certificate or MOI

- Pay registration fee directly to TSI account

Till 10 working days

- Pass entrance tests and Online Interview

- Receive positive document verification (AIC)

- Choose Accommodation in Riga

Till 45 working days

- Pay Tuition fee and sign Study Agreement

(upload Scanned agreement back to the system)

- Receive Invitation from TSI

- Make appointment in Embassy and inform TSI

- Receive Visa (specified individually)

Till 45 working days

- Arrive to Latvia, to TSI

- Start studies

- Receive Residence Permit

Till 45 working days

ADMISSION REQUIREMENTS

For the Academic Year 2021/2022:

- English language proficiency CEFR level B2 (International Certificate) or Merit of Instruction in English – IELTS, TOEFL, PTE, ECR, Cambridge Test
- Online entrance test – English, Maths or Physics (undergraduate programs only)
- Skype interview

The Institute organises all Entrance tests once the Registration Fee has been paid. Tests are online-based.

EXAM REQUIREMENTS FOR UNDERGRADUATE PROGRAMS

Study program	Entrance test
Bachelor of Engineering Science in Aviation Transport	English, Physic
Computer Sciences (Double Degree): Artificial Intelligence	English, Math
Bachelor of Natural Sciences in Computer Science	English, Math
Business and Management	English
Professional Bachelor of Transport and Business Logistics	English
Telecommunication Systems and Computer Networks	English, Maths, Physic
Academic Bachelor of Electronics	English, Maths, Physic
2th Level Professional Bachelor of Electronics	English, Maths, Physic
Robotics	English, Maths, Physic
Distant learning Program	Entrance test
Business and Management	English

Registration Fee (non-refundable) is € 200.00 for Bachelor and Master study programs, € 275.00 for Doctoral study program, € 95.00 for distant undergraduate studies and € 135.00 for postgraduate studies accordingly.

Registration fee includes:

- Validation of high school documents (AIC – Academic Information Centre)
- Invitation
- Airport transfer service on arrival day
- Fluorography (X-ray) examination cost for the Residence Permit ID card for the first year
- Insurance fee for the Residence Permit for the first year

Extra costs, depending on your situation, may also include:

- Cost of the second Letter of Invitation (in separate situations) – € 100.00
- Courier services cost € 110.00

For in-depth detailed information on fees and payments, please visit:

NB!

If you are coming from the HCCH country list, your documents must be legalised by the issuing State

If you are coming from a non-HCCH country list, your documents must be legalised in the issuing State in the Ministry of Foreign Affairs and also by the Latvian Ministry of Foreign Affairs or Embassy of Latvia

If you are coming from one of the countries mentioned **here**, your documents must be legalised in the issuing State by both the Ministry of Foreign Affairs and the Embassy, then also legalised by the Latvian Ministry of Foreign Affairs or Embassy of Latvia.

Documents to be legalised:

- Education documents – diploma and transcripts
- Police record clearance

To obtain an Invitation, you have to upload the following documents into the Admission system:

- Digital copy of passport;
- Digital copy of education documents with mark sheets;
- English proficiency Certificate;
- Digital copy of the Accommodation Contract;
- Digital copy of the signed Study Contract;
- Full payment.

AIRPORT TRANSFER SERVICE

The service can be ordered in the system.

The service will be ordered upon its approval by the Institute.

The Airport Service can be ordered one time only. If the Student has requested the Airport Transfer Service and failed to arrive on time, the next Airport Transfer Service can be provided at the additional cost of € 100.00.

NB! If a student has not chosen the Transfer Service in the system, it means that the Student will arrange a transfer by himself.

TSI ADMISSION PROCEDURE AFTER ARRIVAL

On the day of arrival in Riga or on the next working day, the Student has to visit TSI at 1 Lomonosova Street, Room 100 (Student Service) and submit all original documents to the TSI service specialist.

TSI specialist will help prepare all the documents for submission to the OCMA to obtain the Residence Permit or the Identification Card (ID card).

TO OBTAIN THE RESIDENCE PERMIT

- Residence Permit Application – filled out
- Original and photocopy of passport
- Original education documents
- Police record clearance (valid for six months from the issue date has to be valid until the Residence Permit is received)
- Bank statement proving the availability of not less than € 6000.00 in the account (valid for three months from the date of issue; is to be valid until the Residence Permit is received)
- Original study agreement (provided by the Institute)
- Validation of the previous education – AIC copy (provided by the Institute)
- Guaranty Letter (provided by the Institute)
- Warranties (provided by the Institute)
- Accommodation Contract

It takes 5-30 calendar days to receive a residence permit. The document review cost is from € 70.00 to € 400.00, depending on the term accordingly.

TO RECEIVE THE RESIDENCE PERMIT CARD (ID CARD), YOU WILL NEED

- Passport with a visa
- Study Contract – original (provided by the Institute)
- Accommodation Contract – original (provided from Accommodation in Latvia)
- Fluorography examination results (provided by the Latvian medical centre)
- Insurance for the Residence Permit for one year (issued in Latvia)

Once the ID card has been received, the Student must present it to the Institute student service specialist; the ISIC card will be issued after that.

NB!

The Student can start studies straight after arrival, given that the classes have already started.

GOOD TO KNOW

PUBLIC TRANSPORT

Riga Public Transport system covers all territory of Riga city. The public transport includes buses, trams and trolleybuses, and micro-buses with over 100 routes; night public transport is also available. Find routes and timetables here:

www.rigassatiksm.lv/en/

E-ticket is a universal electronic ticket that enables using one of the most up-to-date and convenient means of payment for public transport services. Each trip is to be registered, regardless of the ticket type; each trip must be registered immediately after entering public transport.

€ 16 monthly student ticket with a discount on public transport of Riga (buses, trams, trolleybuses); € 2 one-way ticket for public transport in Riga;

€ 7–15 taxi from the city centre to suburbs in Riga (1 transfer).

SETTING UP A BANK ACCOUNT

As a Latvian resident, you will definitely prefer to open a local bank account to simplify your money management routine and save on the conversion and commission rates making your daily purchases. To set up a bank account, you will need your Residence Permit card and an official TSI letter confirming your status as a student. It is a matter of filling an application form on our website and visiting our Study department.

You can visit any bank or call them by phone.

- Bank Citadele +371 67 010 000. The nearest branch: 46 Krasta Street, Riga (shopping mall Mols)
- Bank Swedbank +371 67 444 444. The nearest branch: 46 Krasta Street, Riga (shopping mall Mols)
- Bank Luminor +371 67 17 1880. The nearest branch: 12 Skanstes Street, Riga
- Bank SEB +371 26 6687 77. The nearest branch: 67 Dzirnavu Street, Riga

SECURITY AND PERSONAL SAFETY

Riga is a generally safe city. However, as in any big city, you have to be careful and notice your surroundings. If in need and you think there is a danger to you or the ones around regarding health, life and safety, you may dial the General Emergency Number 112. Call short number 110 only if you require rapid assistance from the police and want to report a breach of public order, a crime or traffic accident.
