Intensive free IT training

Information about the company: With 28 years of legacy and having recently celebrated our birthday in October, airBaltic stands as a beacon of excellence in the aviation industry. Our mission is crystal clear: to ensure vital connectivity between the Baltic states and the world. We aren't just an airline; we are a significant economic contributor, making a substantial impact on the regional economy.

Our Vision for the Future:

At airBaltic, we envision a sustainable future for aviation. We strive to become a leading carrier in the EU aviation market, consistently embracing growth and innovation. Our commitment extends beyond mere flights; we aim to enhance passenger experiences, making every journey with us memorable. Additionally, we are dedicated to transforming the Baltic states into key European business centers, fostering economic growth and prosperity.

Join Our Family of Innovators:

When you choose airBaltic, you're opting for more than just a job; you become part of a legacy. Our airline isn't just about reaching destinations; it's about dreams taking flight. We invest in our employees, providing comprehensive training, flexible benefits, and unparalleled travel perks. Your career journey with us is more than a professional path; it's a shared endeavor to shape the future of aviation and the Baltic region.

Join airBaltic, where passion meets purpose, and your career reaches new heights. Embrace a future where innovation, growth, and connectivity define every day. Your journey begins here

Area of business activities: We are the leading airline in the Baltics, adopting the best practices from both traditional network airlines and low-cost carriers.

Customers: airBaltic customers typically consist of individuals who use the airline's services for various travel purposes. These customers can include tourists, corporate clients, frequent flyers, travel agencies etc.

Geography: airBaltic operates more than 100 routes from Riga, Tallinn, Vilnius and Tampere, offering connections to a wide range of destinations in the airline's route network in Europe, the Middle East, North Africa and Caucasus region.

Interesting facts: · 1st place: Transport and Logistics Sector Latvia's Best Employer · 3rd place: Latvia's Best Employer · Airbus 220-300 fleet - greenest commercial aircraft · Best Airline in Eastern Europe by Skytrax in 2022 and 2023 · APEX Passenger Choice Award for Best Cabin Service in Europe in 2023 · IATA 2022 Diversity & Inclusion Team Award 2022 · World's First Airline To Accept Bitcoin · World's first airline to issue NFT

Employees: As a company, airBaltic boasts 28 years of operational history. However, in terms of our dynamic and diverse employee base, we are a youthful organization, currently employing nearly 2,500 professionals from 30 different nationalities, with an average age of 35 years. Our team thrives with the energy and innovation of individuals representing various cultures and backgrounds.

How many TSI graduates are working in your company?: At airBaltic, we take pride in our association with numerous graduates from TSI, who have joined our ranks and are making a significant impact across various departments. The majority of these skilled individuals are instrumental members of our esteemed Technical Department, particularly in Aircraft Maintenance. We're excited to share that one of our promising TSI students, enrolled in the SkyTech program, will soon be joining us at the airBaltic stand. Their dedication and passion for aviation exemplify the high caliber of professionals that TSI produces, and we eagerly welcome them to our team.

Opportunities for students: airBaltic offers a wide array of opportunities for students, especially in the field of aviation. This includes internships, such as our SkyTech Apprentice Program, which offers up to 12 months of hands-on experience with state-of-the-art technology, working alongside skilled professionals. Additionally, we provide engaging tours for students interested in learning about our operations firsthand. Stay updated on our careers.airbaltic.com for the latest opportunities!

Location: Tehnikas Street 3, International Airport Riga, Marupes county, Riga district, LV-1053, Latvia.

Informācija par uzņēmumu: «Food Union» grupa ir piena pārstrādes un saldējuma ražošanas līderis Latvijā un Baltijas valstīs. Tā ir dibināta 2012. gadā, apvienojot divus lielākos piena pārstrādes uzņēmumus Latvijā – "Rīgas piena kombinātu" un "Valmieras pienu".

Vairāk nekā desmit gadu laikā uzņēmums no vietējā Latvijas ražotāja ir izaudzis par lielu un spēcīgu starptautisku pārtikas nozares ekspertu ar pārstāvniecību sešās Eiropas valstīs – Latvijā, Lietuvā, Igaunijā, Norvēģijā, Dānijā un Rumānijā.

Balstoties uz dziļu tirgus pārzināšanu un pastāvīgām inovācijām, «Food Union» veido spēcīgus un mīļētus vietējos zīmolus un diendienā vairo gala patērētāju labsajūtu.

«Food Union» zīmola filozofijā pats galvenais ir cilvēks, un tikai tad produkti. Šī pieeja precīzi atklāj, kas vieno un virza uz priekšu uzņēmuma komandu.

Darbības joma: Mēs, «Food Union», esam globāla pārtikas ražotāju grupa, kas rada gardus un veselīgus, dažādās valstīs iecienītus produktus ikvienam! Mūsu portfelī ir tādi piena produktu zīmoli kā «Kārums», «Lakto», «Limbažu piens», «Dzintars», «Rasa», «Rasēns», «Valmiera», «Zilonītis». Lepojamies arī ar mūsu saldējuma zīmolus «Pols», «Ekselence», «Tio», «Karls», «Jungle Pop» un «Om».

Klienti: Mūsu gardie, veselīgie un vienmēr svaigie produkti ir pieejami gan lielākos, gan mazākos tirdzniecības tīklos Baltijas reģionā, mūsu internetveikalā www.pienaveikals.lv, kā arī vairāk nekā 30 eksporta tirgos visā pasaulē.

Interesanti fakti: Vairāku gadu garumā pēc «Food Union» iniciatīvas Latvijā tiek rīkots gardākais vasaras pasākums – «Saldējuma festivāls», kas šogad pirmo reizi notika Rīgā, bet iepriekš Jūrmalā. Šogad mūsu zīmols «Kārums» kļuva par Dziesmu un deju svētku gardāko draugu, kā rezultātā tika radīts unikāls biezpiena sieriņš Svētkiem par godu.

Darbinieki: Mūsu komandā ir vairāk nekā 1150 sava aroda profesionāļi.

Adrese: Bauskas iela 180, Rīga, LV-1004, Latvija

Tavs ceļš uz profesionālu attīstību sākas šeit! Mēs gaidām Tevi pievienoties mūsu komandai!

Mūsu cilvēki ir uzņēmuma sirds, kurus vieno kopīgas vērtības:

● DROSME ● ATBILDĪBA ● PRIEKŠ

Ko tu iegūsi:

- Iepazīsi reālo darba vidi un iemācīsies pielietot teorētiskās zināšanas praktiski
- Attīstīsi svarīgas prasmes, kas noderēs ne tikai tavā izvēlētajā profesijā, bet arī dzīvē kopumā – komunikācija, sadarbība un daudzas citas
- Gūsi pieredzi, kas būs lielisks sākums veiksmīgai karjerai un personiskajai izaugsmei
- Nozares profesionāļu atbalstu
- Iespēju strādāt lielā starptautiskā piena produktu ražošanas uzņēmumā

KĻŪSTI PAR DAĻU NO FOOD UNION

Ryanair Engineering

Information about the company: "Kaunas Aircraft Maintenance Services", or simply called KAMS – the technical service base of "Ryanair" airline in Lithuania. Our daily task is the maintenance of Boeing 737NG aircraft in accordance with current European regulations and company procedures. Our KAMS team consists of aviation mechanics, avionics, engineers, employees and technicians of various aircraft component repair shops, warehouse and other technical personnel, as well as administration who are passionate about aviation. KAMS goal is to provide the highest level of service and ensure that Ryanair passengers fly safely. Currently, KAMS is expanding and is looking for motivated individuals to join the dynamic world of aviation.

Area of business activities: Aircraft Heavy Maintenance Services

Customers: Ryanair

Geography: Kaunas, Lithuania

Interesting facts: You can get paid full summer vacation, while you are working in KAMS.

Employees: We are an international company, and currently, we employ approximately 280 staff members. However, we are in a phase of growth. The average age of our staff is 30 years old.

How many TSI graduates are working in your company?: At the moment zero, but we are looking forward to work with TSI graduates

Opportunities for students: Open positions: Aircraft Mechanics, Sheet Metal Workers, Workshop Mechanics, Stores officers and other administration positions. If you would like to have an internship you need to contact us via cv@kams.lt. If you would like to check our hangars we can do an excursion in our facilities, feel free to contact us!

Location: Kauno oro uosto st 1-4, Karmelava, Kaunas District.

Magnetic Group

Magnetic Group

Information about the company: Magnetic Group is anything but ordinary. Although the airline maintenance business is highly standardized, our approach is unique. With our range of brands, each with different services, Magnetic Group's offering is built around effectiveness, trust, passion, enthusiasm, and an exceptional drive to go the extra mile.

Company history:

In 1995, Magnetic Group's predecessor, the Maintenance Department of Estonian Air, started its operations. In 2002, it became a company on its own right under the name Maersk Air Maintenance Estonia. In 2003, SAS Group acquired the company. In 2010, BaltCap acquired the company from SAS and renamed it Magnetic MRO (2014). In 2013, we opened our new heavy maintenance hangar in Tallinn. In 2014 we started aircraft painting services. Since 2018, Magnetic MRO has been part of the Guangzhou Hangxin Aviation Technology group. In 2019 Magnetic MRO became the owner of the worldwide line maintenance provider – Direct Maintenance. In 2022 we opened an office in Miami (USA) and re-opened our office in Kuala Lumpur, Malaysia.

Company mission:

To help aviation companies help the world. We believe that Magnetic Group's companies play an essential role in enabling aviation companies to better people's lives worldwide. By ensuring their aircraft are fit to fly and back in the air as soon as possible, we make sure businesses can operate, lovers can reunite, and medication can be delivered where it is most needed.

Company vision:

- We want to turn a traditionally conservative business experience into an exciting and rewarding one.
- We are the industry's most passionate company.
- We're passionate about offering flexible, smart, and agile solutions.
- We're passionate about being irreproachable in everything we do.
- We're passionate about our industry and where it's heading.
- We're passionate about being close to our customers and their business

Area of business activities: Aviation / Aircraft Maintenance

Customers: Asset owners/leasing companies, airline operators (e.g. Austrian Airlines, SAS, Volotea, LOT, Enter Air, UPS, Qatar Airways, KLM and many more).

Geography: Magnetic Group sub-brands are spread all around the globe - from Europe, Africa to Australia and USA.

Interesting facts: Did you know this about Magnetic Group? - An airplane was flown the 10,000 km between Bogota and Tallinn because the client only trusted Magnetic MRO to care for it. Also, our Magnetic Creative team produced the first-ever bar area onboard an aircraft for their client Virgin Atlantic. Awards: 2nd place of the Estonian "Praise the Employer" competition. VET Excellence Award of the Best Training at Work Program. Award for the Best Internship Provider in Estonia. Awarded as the "Company of the Year" and "Exporter of the Year".

Employees: Around 725 employees in the whole Magnetic Group around the world. International environment – 40 different nationalities. Average age 18-35 years.

How many TSI graduates are working in your company?: 9

Opportunities for students: Internship outside of Latvia, full-time work (in shifts for mechanics and technicians), tours.

Location: Väike-Sõjamäe 1A, Tallinn 11415, Estonia

MAGNETIC GROUP IS ANYTHING BUT ORDINARY

MAGNETIC GROUP

operates in the aviation business and is the master brand under which a host of sub-brands all live – each one sharing the same values but offering unique and complementary products and services. Magnetic Group is a holding company and does not itself offer any products or services.

WE'RE THE INDUSTRY'S MOST PASSIONATE COMPANY

We're passionate about offering flexible, smart, and agile solutions.
We're passionate about being irreproachable in everything we do.
We're passionate about our industry and where it's heading.
We're passionate about being close to our customers and their business.
We're passionate about innovation, pushing limits, and leading the way.

WE HELP AVIATION COMPANIES HELP THE WORLD

We believe that Magnetic Group's companies play an essential role in enabling aviation companies to better people's lives worldwide. By ensuring their aircraft are fit to fly and back in the air as soon as possible, we make sure businesses can operate, lovers can reunite, and medication can be delivered where it is the most needed.

WE WANT TO TURN A TRADITIONALLY CONSERVATIVE BUSINESS EXPERIENCE INTO AN EXCITING AND REWARDING ONE.

Informācija par uzņēmumu: "Maxima Latvija" ir vadošais mazumtirdzniecības tīkls un lielākais privātais darba devējs Latvijā. Ik dienu "Maxima" veikalus apmeklē ap 300 000 klienti, par kuriem rūpējas vairāk nekā 6000 kolēģu liela komanda.

Visu šo laiku mūsu ideja un mērķis ir palicis nemainīgs – mēs strādājam un cenšamies, lai pircēji varētu ērti iegādāties sev tikamās preces un nepārmaksātu par tām. Mēs ticam, ka tā mums izdodas atvieglot viņu ikdienas rūpes un palīdzēt gādāt par savām ģimenēm.

Darbības joma: Mazumtirdzniecība

Klienti: 300 000 klienti dienā

MOVING THE WORLD, TOGETHER.

Norwegian

Information about the company: Norwegian is the largest Norwegian airline and one of Europe's leading low-cost carriers. The company offers a comprehensive route network between the Nordic countries and destinations in Europe. In 2022, Norwegian celebrated its 20th anniversary. Since 2002, more than 300 million passengers have flown with Norwegian. The most important task has been to offer affordable plane tickets to all and to offer more freedom of choice along the journey.

Our vision is to become Europe's most loved and trusted airline. We know it's an ambitious goal, but by staying true to our mission; together, we fly above and beyond to serve people the Norwegian way, we've started to make headway on this journey.

Our core values: A caring heart. In it together. Courageously inventive. Passionately Norwegian.

Area of business activities: Aviation Transport

Customers: Airline Passengers

Geography: Scandinavia, Europe

Interesting facts: Aircraft tail fin heroes - When Norwegian's first Boeing 737-300 took off in 2002, the company challenged a well-established and long-standing monopoly in the aviation industry. It was therefore a natural decision for us to decorate the tail fins of our aircraft with the portraits of people who have broken boundaries, challenged norms and inspired others. Today, our fleet consists mainly of Boeing 737-800 aircraft, and we fly to key destinations in Europe and the inspiration for our tail heroes come from across the continent.

Employees: Total - 5 000; in Riga office - 170

Opportunities for students: Internship, full time, shift work in Latvia

ROBOLOGIC

EXPERTS IN PROCESS AUTOMATION

Industrial robotics & automation

ROBOLOGIC

EXPERTS IN PROCESS AUTOMATION

AUTOMATION IS YOUR KEY TO EFFICIENT PRODUCTION

Whatever your production is there are always a way to get more from it. Automation is a pure benefit. But automation is different - not every solution is optimal or reasonably priced.

We stand for fair and clear development of production automation solutions where your needs are always a top priority.

We are in automation because we love it.
And you'll love it too.

ABOUT US

We program industrial robots

We have a great experience programming robots of various vendors (KUKA, Fanuc, ABB, Yaskawa, CRP, JAKA...) for various branches of industry. It's more than 1000 robots programmed by us offline & online, from commissioning and to integration into existing production lines.

We program PLC's

We build and support production lines, program PLC's of various vendors and standarts. We're doing offline programming, online programming and commissioning of hardware. We also support virtual commissioning of the whole production line.

We do electrical installation

Electrical installation is an essential part of automation. Wiring and connection between equipment is a base for successful production start.

We teach robot & PLC's specialists

We are building our team ourselves. Robot and PLC programmers are trained at vendor courses and at our base in Riga with real equipment and using a real production examples. For robot programming robots KUKA (both KR2C & KR4 plus VKRC), ABB and Fanuc are available. PLC programming is mostly done on Siemens equipment.
